MEMORANDUM FOR: Comptroller

SUBJECT: COINS Users Training Plan

1. Some time ago we encouraged [ ] COINS Project Manager to consider asking CIA to develop a comprehensive training plan for users of COINS. As you are aware, [ ] sent a memo (copy attached) to the Director, CIA in which he discussed the need for a training plan but did not request CIA help. Rather, [ ] interpreted informal discussions to constitute an "offer" by CIA to do the job. Therefore, his memo did not provide a base for action.

2. We drafted an alternative memo (copy attached) on the subject. This draft memo was addressed to the Director of Central Intelligence from the Assistant Secretary of Defense (Intelligence). [ ] found this approach unacceptable and complained to [ ] about CIA's uncooperative attitude.

3. Meanwhile, [ ] received an offer from NSA's Cryptologic School regarding COINS training. He has now decided that he will accept this offer. He called me on 17 December to inform me of his intentions and to tell me that he will send a memo cancelling his original memo. When I receive this promised memo I will attempt a memo for record which recounts the events of this unfortunate incident.

MEMORANDUM FOR DIRECTOR, CIA

SUBJECT: Formal Training Program for COINS Users

1. By discussion with [redacted] STAT  
CIA, COINS Subsystem Managers, and [redacted] STAT  
of the CIA school, we understand that CIA is willing  
to have its Information Science Training Program  
develop a training plan, with assistance from other  
COINS participants, and serve as the main source for  
providing formal inter-agency training to the COINS  
Community users.
2. We are most appreciative of this offer and  
recognize that the degree of implementation of the final  
training program at your training facilities will depend  
upon the availability of resources.
3. The purpose of this memorandum is to formally  
document our need for such training and suggest 1 January  
1974 as a completion date for the first draft of the  
training plan. I offer the support of my Project  
Management Office's Users Support Group to assist in  
your development of the plan and will also assist in  
arranging for additional support from other COINS  
participants as may be required to promote its completion.

[redacted]  
COINS Project Manager
